We are the Judiciary Committee of the Allegheny County Bar Association—a non-partisan committee of 24 attorneys who have been elected by the 6,600 members of the ACBA. We know how confusing it can be when you enter the voting booth and are faced with a long list of judicial candidates from which to choose. So we invited each candidate to be interviewed by the Committee, conducted research and then evaluated the candidates as to whether they would make a good judge. For more information about the ratings, visit our website at www.acba.org.

These ratings are only for candidates who live in Allegheny County, have their principal place of business in Allegheny County, or are judges of a court of the Commonwealth of Pennsylvania and whose judicial offices are located in Allegheny County.
