INSTITUTE FOR GENDER EQUALITY

EDUCATION...EMPOWERMENT...EQUALITY

The Allegheny County Bar Association Institute for Gender Equality was founded as a tool to aid in the enhancement of the presence of women in leadership positions in the Allegheny County legal community, the elimination of the gender wage gap, and the expansion of the avenues through which female attorneys can build successful careers. The Institute will offer collaborative and goal-oriented programs designed to address issues facing female attorneys.

The formation of the Institute was one of the recommendations by the Allegheny County Bar Association Gender Equality Task Force, which was formed after a 2005 Membership Survey showed little or no improvement in gender equality when compared to a survey that was completed in 1990.

Participation in the Institute is open to any member of the Allegheny County Bar Association and students of the University of Pittsburgh School of Law and the Duquesne University School of Law.

MODULE 1

VALUES-BASED PERSONAL STRATEGIC PLANNING

NOVEMBER 10, 2009

8:30 A.M. - 11:30 A.M.

ACBA HEADQUARTERS,
PRESIDENT'S CONFERENCE ROOM

In this interactive workshop, Debby Stone will guide participants toward creating a personal strategic plan based upon their core values. Understanding and clarifying individual core values is crucial to making good career and life decisions, so participants will discover their values through interactive exercises. These values will then become the backbone of personal definitions of success. With these success definitions as a guide, participants will learn how to prioritize, set goals, and make life choices more quickly and with greater ease. Debby will also work with participants so they learn how to derive professional and personal insights and motivation from those definitions as well as how to use them to create a personal strategic plan.

MODULE 2

VALUES-BASED PROFESSIONAL STRATEGIC PLANNING

JANUARY 22, 2010

11:30 A.M. - 2:30 P.M.

ACBA HEADQUARTERS,
PRESIDENT'S CONFERENCE ROOM

In this interactive workshop, Debby Stone will guide you toward creating a career development plan based upon your individual values. With a focus on the big picture (i.e. what is most core to who you are and what it is you want out of life), you will be given the tools to begin to create a development plan so that your career is professionally and personally fulfilling. This program will cover three fundamental components of creating a career development plan: (i) information gathering; (ii) taking a personal inventory; and (iii) goals and accountability. Self-assessment and input from outside sources are critically important to creating a relevant career plan, so participants will explore ways to do both. An effective career development plan must also be compelling, motivating, and carry intrinsic rewards that speak to your desires for the future.
